For further instructions, see the voting instruction or proxy form provided to you.

Voting in Person

Voting Instructions

Beneficial Shareholders should note that only proxies deposited by Shareholders whose names appear on the records of the registrar and transfer agent for Kiwetinohk as the registered holders of Common Shares can be recognized and acted upon at the Meeting. Beneficial Shareholders may vote by providing voting instructions to the registered holder of the Common Shares via mail, telephone or internet. For further instructions, see the voting instruction form provided to you by your nominee or intermediary.

Applicable regulatory policies require registered shareholders who hold their shares as nominees to seek (or have an intermediary seek on their behalf) voting instructions from their respective beneficial shareholders in advance of shareholders' meetings. Every nominee and intermediary has its own mailing procedures and provides its own voting and return instructions. The voting and return instructions for your applicable nominee or intermediary are set out in the voting instruction that they have provided to you. You must carefully follow the instructions on this form in order to ensure your Common Shares are voted at the Meeting. The vast majority of nominees delegate responsibility for obtaining instructions from clients to Broadridge Financial Solutions, Inc. ("**Broadridge**"). If your nominee has appointed Broadridge, you should have received a scannable voting instruction form from Broadridge, and you will need to either complete and return this form to Broadridge by mail, or alternatively, convey your voting instructions to them via the internet or by calling a toll-free telephone number as set out in the form. Broadridge will tabulate the results of all instructions that it receives and provide appropriate voting instructions to Computershare Trust Company of Canada for use at the Meeting. **A beneficial Shareholder must comply with the instructions on the voting instruction or proxy form provided to it well in advance of the Meeting in order to ensure their Common Shares can be voted at the Meeting.**

BUSINESS OF THE MEETING

Financial Statements

Kiwetinohk's consolidated financial statements as at and for the year ended December 31, 2021 and the auditors' report thereon have been mailed to registered Shareholders and will be placed before the Shareholders at the Meeting.

Election of Directors

Kiwetinohk's articles provide that the Board of Directors (the "**Board**") shall consist of a minimum of three and a maximum of eleven directors. The Board has fixed the number of directors to be elected at the Meeting at nine, each of whom will serve until the next annual meeting of Shareholders or until their respective successors are elected or appointed. The nine nominees are:

- Kevin Brown
- Beth Reimer-Heck
- Judith Athaide
- Patrick Carlson
- Leland Corbett
- Nancy Lever
- Kaush Rakhit
- Steven Sinclair
- John Whelen

All director nominees have consented to being named in this Information Circular and to serve as directors if elected. Kiwetinohk's management does not contemplate that any of the director nominees will be unable to serve as a director, but if that should occur for any reason prior to the Meeting, your proxyholder has the right to use his or her discretion in voting for another nominee unless you have specified in your voting instruction or proxy form that he or she does not have such authority. The Corporation's articles permit the Board, between annual meetings of Shareholders, to appoint one or more additional directors (up to a

maximum of 1/3 of the number of directors who held office at the expiration of the last annual meeting of Shareholders).

Your proxyholder will vote FOR the election of each of these nominees as a director of Kiwetinohk unless you indicate in your voting instruction or proxy form that authority to do so is withheld in respect of one or more of the nominees.

Appointment of Auditors

Unless you indicate in the enclosed voting instruction or proxy form that authority to vote for the re-appointment of the Corporation's current auditors is withheld, your proxyholder will vote FOR the re-appointment of Deloitte LLP, Chartered Professional Accountants, at their offices in Calgary, Alberta, as auditors of the Corporation to hold office until the next annual meeting of Shareholders. Deloitte LLP have been Kiwetinohk's auditors since 2018.

The information regarding Kiwetinohk's audit committee as required by section 5.1 of National Instrument 52-110 is set forth in Kiwetinohk's 2021 annual information form under the heading "Audit Committee Information" and in Appendix "C" thereto.

In order for this resolution to be passed, it must be approved by a simple majority of the votes cast (50% plus one vote) by Shareholders in person or represented by proxy at the Meeting. Management recommends voting FOR the resolution.

Approval of Amendments to the Bylaws of the Corporation

The Corporation's bylaws previously provided that quorum for the transaction of business at a meeting of shareholders was established if there were one or more persons who in the aggregate hold or represent not less than 51% of the outstanding shares entitled to vote at such meeting, whether present in person or by proxy, since the Corporation was a closely held private company. On November 23, 2021, the Board approved amendments to the Corporation's bylaws, which amend Section 8.3 to provide that quorum for the transaction of business at any meeting of shareholders will be at least two persons entitled to vote at such meeting, whether present in person or represented by proxy, holding or representing not less than 25% of the outstanding shares entitled to vote at such meeting (the "**Bylaw Amendment**"). The Bylaw Amendment is intended to bring the quorum requirement for meetings of Shareholders in line with those more appropriate for a public company.

The Bylaw Amendment became effective upon being approved by the Board; however, under the CBCA, the Bylaw Amendment will cease to be effective unless confirmed by a resolution passed by a simple majority of the votes cast by Shareholders at the Meeting. Accordingly, at the Meeting, Shareholders will be asked to consider, and if thought advisable, pass the following ordinary resolution to confirm the Bylaw Amendment:

Be it resolved as an ordinary resolution that:

1. the amendments to the bylaws of the Corporation to change the quorum requirement for meetings of Shareholders from one person to two persons and from not less than 51% to not less than 25%, in the form adopted by the Board on November 23, 2021, be and are hereby confirmed;
2. all other provisions of the Corporation's current bylaws remain in full force and effect and unamended; and
3. any officer or director of the Corporation is authorized, in the name and on behalf of the Corporation, to do all such things and execute all such documents as may be necessary or advisable to implement this resolution.

In order for this resolution to be passed, it must be approved by a simple majority of the votes cast (50% plus one vote) by Shareholders in person or represented by proxy at the Meeting. Management recommends voting FOR the resolution.

A complete copy of the Corporation's bylaws are available under Kiwetinohk's profile on SEDAR at www.sedar.com or on its website at www.kiwetinohk.com.

Name Change

At the Meeting, Shareholders will be asked to consider, and if thought advisable, approve a special resolution authorizing the Board to amend the articles of the Corporation to change its name from "Kiwetinohk Energy Corp." to such other name as the Board may determine, at its sole discretion, and as may be acceptable to applicable regulatory authorities, including the TSX (the "**Name Change Resolution**"). If the Name Change Resolution is approved by the Shareholders, Articles of Amendment in the prescribed form may be filed with the Director under the CBCA at a future date, prior to the next annual meeting of Shareholders, if the Board determines that such change is in the best interests of the Corporation. The Board may, in its sole discretion, determine not to implement the name change without further notice to or action on the part of the Shareholders.

The following is the text of the Name Change Resolution to be considered at the Meeting:

Be it resolved as a special resolution that:

1. the Board be and is hereby authorized to amend the articles of the Corporation, at any time prior to the next annual meeting of shareholders of the Corporation, to change the name of the Corporation to such other name as the directors of the Corporation determine is appropriate and as may be acceptable to applicable regulatory authorities, including the Toronto Stock Exchange;
2. any officer or director of the Corporation is authorized, in the name and on behalf of the Corporation, to do all such things and execute all such documents, including without limitation, Articles of Amendment, and to do all such acts and things, including without limitation, delivering such Articles of Amendment to the Director under the CBCA, as may be necessary or advisable to implement this resolution; and
3. notwithstanding that this special resolution has been passed by the Shareholders, the Board is hereby authorized in its sole discretion and without further approval or action by or prior notice to Shareholders to decide not to proceed with the amendment to the Articles of the Corporation.

In order for this special resolution to be passed, it must be approved by at least two-thirds (66 2/3%) of the votes cast by Shareholders in person or represented by proxy at the Meeting. Management recommends voting FOR the resolution.

Addition of a Class of Preferred Shares to Kiwetinohk's Authorized Share Capital

The Corporation's Articles currently authorize Kiwetinohk to issue an unlimited number of Common Shares. No preferred shares are currently authorized for issuance. At the Meeting, Shareholders will be asked to approve a special resolution authorizing the addition of a class of preferred shares ("**Preferred Shares**"), which shares would be unlimited in number and may be designated and issued in one or more series in the future, with such rights, preferences and privileges as determined by the Board, if and when issued, without further Shareholder action (the "**Preferred Shares Resolution**").

The Board believes the addition of a class of Preferred Shares to the Corporation's share capital is advisable and in the best interests of the Corporation in order to provide Kiwetinohk with the flexibility to consider and pursue capital raising and corporate opportunities requiring the issuance of Preferred Shares without the delay and expense associated with obtaining special Shareholder approval at the time if such an opportunity were to arise.

If the Preferred Shares Resolution is approved by the Shareholders, Articles of Amendment would need to be filed with the Director under the CBCA to add a class of Preferred Shares to the Corporation's share capital. The terms of the Preferred Shares will be substantially as set forth in Schedule "B" hereto. Once the Corporation's Articles are so amended, the Board will have the authority to approve the issuance of any number of Preferred Shares in one or more series at any time and from time to time, to determine the number of shares constituting any series, and to determine the voting powers, conversion rights, dividend rights, and other designations, preferences, limitations, restrictions and rights relating to such shares without any further prior approval of the Shareholders, but subject to applicable TSX approvals. Upon any such issuance, the designations, preferences, limitations, restrictions and rights of any series of Preferred Shares designated by the Board will be set forth in an amendment to the Articles and further Articles of Amendment of the Corporation will be filed in accordance with the CBCA.

While the Board may consider issuing Preferred Shares in the future, the Corporation currently has no agreements or understandings with any person to effect any such issuance, and the Corporation may never issue any Preferred Shares.

The following is the text of the Preferred Shares Resolution to be considered at the Meeting:

Be it resolved as a special resolution that:

1. the Board be and is hereby authorized to amend the articles of the Corporation to create a class of an unlimited number of Preferred Shares, issuable in series, with special rights and restrictions determined by the Board for each series, if and when issued, with the terms of such Preferred Shares to be substantially as set forth in Schedule "B" to the management information circular of the Corporation dated May 11, 2022;
2. any officer or director of the Corporation is authorized, in the name and on behalf of the Corporation, to do all such things and execute all such documents, including without limitation, Articles of Amendment, and to do all such acts and things, including without limitation, delivering such Articles of Amendment to the Director under the CBCA, as may be necessary or advisable to implement this resolution; and
3. notwithstanding that this special resolution has been passed by the Shareholders, the Board is hereby authorized in its sole discretion and without further approval or action by or prior notice to Shareholders to decide not to proceed with the amendment to the Articles of the Corporation.

In order for this special resolution to be passed, it must be approved by at least two-thirds (66 2/3%) of the votes cast by Shareholders in person or represented by proxy at the Meeting. Management recommends voting FOR the resolution.

Other Matters to Be Acted Upon

Management knows of no matters to come before the Meeting other than the matters referred to in the enclosed Notice of Annual General Meeting of Shareholders to which this Information Circular is attached. If any matters which are not known at the time of the Information Circular should properly come before the

Meeting, proxies will be voted on such matters in accordance with the best judgment of the person holding such proxy.

NOMINEES FOR ELECTION TO THE BOARD OF DIRECTORS

The following table provides information with respect to the nine director nominees.

Shareholders are entitled to vote for or withhold their vote for each nominee on an individual basis. The Board has adopted a majority voting policy which provides that if a director receives more “withhold” votes than “for” votes in an uncontested election of directors, that director must promptly tender his or her resignation. The Governance and Nominating Committee will consider such resignation and recommend to the Board whether or not to accept it. The Board shall act on such recommendation within 90 days following the applicable shareholders meeting (and will be required to accept the resignation absent exceptional circumstances).

Common shares (or notional Common Shares) underlying Options, Performance Warrants and DSUs are counted. See "*Share Ownership Requirements*". If the size of the Board is changed, the foregoing rights shall be adjusted accordingly. For so long as ARC is entitled to have a nominee on the Board, Kiwetinohk shall take such action as may be necessary to ensure that the nominee of ARC is either appointed to or granted observer rights on each committee of directors formed by the Board. At this time, ARC has the right to designate three Board nominees but has only designated two Board nominees as ARC was supportive of the recently appointed directors and did not elect to designate a nominee.

While such business relationships are not considered to be material to Kiwetinohk, they could be perceived as giving rise to a conflict of interest. Related party transactions are further described in Kiwetinohk's audited financial statements and the accompanying notes, which may be viewed on Kiwetinohk's SEDAR profile.

Board Interlocks

Kiwetinohk does not have a formal policy on board interlocks, however it does monitor the other public directorships held by its members. A board interlock occurs when two of the Corporation's directors also serve together on the board of another public company. There are currently no board interlocks among the director nominees.

COMPENSATION DISCUSSION AND ANALYSIS

Introduction

Compensation Philosophy

Kiwetinohk acknowledges that social licence to operate is critical to an expectation of Shareholder value performance over the long term. The Board looks to the CEO to advance Kiwetinohk's business in accordance with Kiwetinohk's Code of Conduct. The Code of Conduct prescribes the expectations Kiwetinohk has of those in its service with respect to communicating with and satisfying stakeholders. Kiwetinohk's directors, who have a duty in law to serve the best interests of Kiwetinohk, believe that differentiated (relative to peers) performance for investors is most probable if Kiwetinohk also differentiates in the service of groups of people who have the capacity to aid or impair Kiwetinohk in its pursuit of its

business objectives. Kiwetinohk refers to these groups of people as stakeholders. Among Kiwetinohk's stakeholders are:

- (a) the environment and those who have taken on a duty to protect it;
- (b) governments and regulators who, faced with the challenges presented by climate change seek to evolve regulation so that the energy industry can better serve society;
- (c) all communities most impacted by Kiwetinohk's activities;
- (d) industry partners who expect Kiwetinohk to honor its arrangements and reasonably accommodate change and adaptation;
- (e) customers who want Kiwetinohk to reliably deliver its products at the specifications and in the amounts that it forecasts;
- (f) suppliers and service providers who want an opportunity to compete for Kiwetinohk's business, to be paid promptly and fairly and to learn marketable skills as they contribute to the evolution of Kiwetinohk's business;
- (g) employees who want an energizing, inclusive, happy work environment where everyone is treated with dignity and respect, to be compensated fairly and to have a safe and healthy workplace; and
- (h) capital providers who want strong returns on their investment, effective communication and management of risks: financial, environmental and reputational.

The role of the CEO is to lead the employees in developing and implementing a balance of practices and policies which meet the needs of all stakeholders. In measuring the CEO's performance, the Board looks to gauge Kiwetinohk's relationships with its stakeholders.

The CEO leads the management team in identifying and assessing alternative business strategies. These assessments guide the Board to adoption and revision of strategies that are designed to differentiate Kiwetinohk in the eyes of its stakeholders, as demanded by the Code of Conduct. The CEO oversees the management team to implement strategies. Key performance indicators include measurement of performance by gauges most important to each stakeholder. For example, Shareholders want to see cash returns and/or share price growth and strong performance in the factors underlying shareholder value (including reserves volumes and value, production rate, unit operating costs and capital investment performance metrics). Communities want to know what is going on in their area, to contribute to strategies and plans and to participate in operations as employees or contractors. Individuals tasked with environmental protection, non-governmental environmental organizations and the broader community want, to varying degrees, to see conservation of natural habitat, protection of the land, water and atmosphere from releases of pollutants including greenhouse gases, and restoration of lands when Kiwetinohk is no longer using them for value generation. Governments and regulators want Kiwetinohk to comply with all laws and regulations, to build good relationships with its other stakeholders and to help them understand, in the rapidly evolving energy transition world, how they, also, can better serve society.

Within the foregoing context, the purposes of Kiwetinohk's compensation policy are: (a) to attract and retain individuals that have the training, experience, required certifications and track records of excellent performance to serve as executive officers and employees of Kiwetinohk; (b) to motivate and/or reward performance in proportion to level of achievement; and (c) to align the interests of executive officers and employees of Kiwetinohk with the long-term interests of Shareholders. As Kiwetinohk has evolved into a public company following the business combination of KRC and Distinction which occurred in the fall of 2021 (the "**Business Combination**") and its listing on the TSX in January 2022, the Corporation has reviewed compensation for all executive officers against a comparator group of similarly sized crude oil and

natural gas and power generation companies, considered in the context of Kiwetinohk's performance relative to performance goals and relative to the performance of its peers.

Kiwetinohk's executive compensation philosophy reflects the following principles:

- (a) Compensation levels should be competitive — A competitive compensation program is vital to Kiwetinohk's ability to attract and retain executive officers and employees that can do all that is required to position Kiwetinohk among the leaders of its peer group.
- (b) Compensation should be related to performance — A significant portion of the compensation of the executive officers should be based on corporate and individual performance. During periods when performance exceeds expectations, executive officers should receive compensation at levels that are above targeted levels. When performance is below expectations, incentive award payments, if any, and compensation generally should be lower.
- (c) Compensation at risk should represent a significant percentage of an executive officer's total compensation — A significant percentage of compensation should be paid in the form of short-term and long-term incentives, calculated and paid based on performance for Kiwetinohk's stakeholders. Executive officers' incentives must be aligned with stakeholder satisfaction with special consideration to Shareholder value realization.
- (d) Incentive compensation should balance short-term and long-term performance — Executive officers receive both short-term and long-term incentives. Short-term incentives focus on achievements for the current year, while equity-based compensation creates a focus on increasing long-term Shareholder value.

Oversight of Executive Compensation

The Compensation Committee oversees the compensation of the named executive officers ("NEOs"), being Kiwetinohk's CEO, CFO and next three most highly compensated executive officers. The Compensation Committee consists of the following independent directors: Leland Corbett (Chair), Nancy Lever, Kaush Rakhit, Steven Sinclair and John Whelen. Each of the Compensation Committee members has served as a senior officer and/or as a director of numerous organizations or has direct experience in executive and corporate compensation programs, and therefore has the necessary background and skills to provide effective oversight of executive and director compensation and ensure that sound risk management principles are being adhered to in order to align executive officers' and Shareholders' interests.

The Compensation Committee monitors the compensation practices of Kiwetinohk to ensure that its compensation practices allow Kiwetinohk to attract and retain high performing executive officers and employees. The Compensation Committee has engaged, and can in the future engage, the services of consulting compensation experts to assist it in fulfilling its duties.

The written mandate of the Compensation Committee is available on Kiwetinohk's website at www.kiwetinohk.com.

Historically, until the final draw of optional investment funds in conjunction with the acquisition by KRC and Distinction of certain crude oil and natural gas interests in the Simonette and other areas of northwest Alberta (the "**Simonette Acquisition**"), Kiwetinohk was in its start-up phase, investing the initial optional investment amount allocated to ARC – its majority Shareholder – in accordance with the original financing agreements. During the first three years start-up phase, the CEO was compensated as follows:

- (a) \$1.00 per year salary;
- (b) participation in Kiwetinohk's benefit plan;

- (c) options to buy Common Shares at \$10.00 per Common Share, which was the issue price of all of the funds invested in accordance with the initial financing of Kiwetinohk;
- (d) performance warrants to buy Common Shares which have strike prices of \$15.00, \$17.50, \$20.00, \$22.50 and \$25.00 (20% of the total amount of Performance Warrants (as defined herein) in each grant vest at each of the referenced prices); and
- (e) performance of his own investment (Mr. and Mrs. Carlson, who is also a part time Kiwetinohk employee, have each invested \$5,000,000 in accordance with the initial ARC optional financing).

In offering and reviewing compensation for other employees, historically, the Compensation Committee has relied on various external sources of information, including industry compensation surveys which provide market data on executive officer and non-executive officer compensation. The Compensation Committee took into account survey information and other factors in determining executive officer and non-executive officer base salaries for 2021. No bonuses or salary increases were awarded to the NEOs in 2021 and, in fact, there was a 0 to 15% rollback of executive salaries for most of 2021 (see below for further details).

The Compensation Committee reviews, on an annual basis, compensation of each executive officer. In each case, the Compensation Committee takes into account the scope of responsibilities, experience and contribution and performance of the executive officer, as well as the achievements of Kiwetinohk, and balances these against competitive compensation levels considering peer data.

In connection with this annual review by the Compensation Committee, the CEO presents to the Compensation Committee management's evaluation of Kiwetinohk's performance relative to its comparator group, his evaluation of each executive officer, which includes a review of each executive officer's contribution and performance over the past year, strengths, weaknesses, development plans and succession potential. The Compensation Committee members also have the opportunity to interface with the executive officers during the year.

Comparator Group

Until fall 2021, Kiwetinohk was a closely held private company. As such, Kiwetinohk awarded compensation to its executive officers and other employees in a manner consistent with the foregoing principles and in reliance on industry compensation surveys and other external data, but without a rigorous comparison to the specific compensation practices of its publicly traded peers. Following completion of the Business Combination and its TSX listing in January 2022, Kiwetinohk has been reviewing its compensation practices to ensure they align with public company best practices and, on December 15, 2021, engaged Mercer (Canada) Limited ("**Mercer**") as a compensation consultant. Kiwetinohk has worked closely with Mercer over the past months to establish compensation practices aligned with public company best practices including developing an appropriate peer comparator group. As Mercer was engaged near the end of the year ended December 31, 2021, this peer group developed with the assistance of Mercer was not used to determine compensation paid in 2021 – but was used to determine 2021 cash bonuses. See "Short Term Incentives" below.

The current peer group, developed in consultation with Mercer, consists of the following companies and was used to set 2022 base salary levels and will be used for 2022 total compensation comparative purposes:

Advantage Energy Ltd.	Innergex Renewable Energy Inc.	Tamarack Valley Energy Ltd.
Anaergia Inc.	Kelt Exploration Ltd.	Tidewater Midstream and Infrastructure Ltd.
Athabasca Oil Corporation	Northland Power Inc.	Tidewater Renewables Ltd.
Boralex Inc.	NuVista Energy Ltd.	TransAlta Corp.
California Resources Corporation	Obsidian Energy Ltd.	TransAlta Renewables Inc.

Capital Power Corporation
Cardinal Energy Ltd.
Crew Energy Inc.

Paramount Resources Ltd.
Pipestone Energy Corp.
Spartan Delta Corp.

Whitecap Resources Inc.

The peer group consists of companies within the industry sectors of traditional upstream oil and gas, clean technology and other renewable energy and their inclusion is based on factors including assets, revenue, enterprise value, market capitalization and business operations as well as natural competitors for human talent. Additionally, the majority of the peer group are Canadian-based companies headquartered in Western Canada.

Pay Positioning

Kiwetinohk currently seeks to position pay competitive to the 25th to 50th percentile of its peer group when performance meets expectations, above this level when performance exceeds expectations and below this level when performance is below expectations. More generally, pay can be well above the target range when performance is exceptional and is expected to be below the target range when performance is below expectations. Kiwetinohk currently seeks to position pay competitive to the 25th to 50th percentile of its peer group as Kiwetinohk is relatively small compared to such peers based on the comparator metrics used.

Notwithstanding the Corporation's targeted pay positioning, Mr. Carlson has advised the Compensation Committee and the Board that he wishes to have a salary of \$1 per year again for 2022 so that all of his compensation for 2022 is "at risk" given the Corporation's current stage of development and attainment of its corporate strategies. Mr. Carlson's total compensation for 2022 is intended to be competitive in line with the targeted pay positioning noted above, and it will consist of cash bonuses and long-term incentives based on his performance and the Corporation's performance.

Named Executive Officers

Under applicable securities laws, a company's NEOs are: (i) the CEO, (ii) the CFO, (iii) the next three most highly compensated executive officers serving at the end of the most recent financial year and (iv) any officer who would have been among the next three most highly compensated executive officers if they had been serving at the end of the most recent financial year. The Corporation's CEO and CFO, who are NEOs, and its other current NEOs (provided as supplemental information) and NEOs for 2021 are listed below.

- Patrick Carlson, CEO
- Jakub Brogowski, CFO

Current Other NEOs

- Mike Backus, Chief Operating Officer, Upstream (appointed November 11, 2021)
- John Maniawski, President, Green Energy Division (appointed November 30, 2021)
- Janet Annesley, Chief Sustainability Officer (appointed September 15, 2021)

2021 Other NEOs

- Sue Kuethe, Executive Vice President, Land and Community Inclusion
- Kurt Molnar, Senior Vice President, Business Development
- Mike Hantzsch, Senior Vice President, Midstream and Market Development

Compensation Components

The components of Kiwetinohk's executive officer compensation program are base salary, annual incentive, long-term incentive and benefits each as described below. The components of compensation Kiwetinohk will use to recruit and maintain a workforce include:

- (a) cash compensation including base salary and bonuses (short-term incentives);
- (b) share-based compensation (long-term incentives);
- (c) health and life insurance; and
- (d) lifestyle support.

Aside from the above, Kiwetinohk expects its culture, standards and reputation will also provide a basis for employer competitiveness.

Cash Compensation – Base Salary

As to cash compensation, Kiwetinohk targets base salaries (as noted above under “Pay Positioning”) at the 25th to 50th percentile of its peer group when performance is average, above this level when performance is above average and below this level when performance is below average. This would apply to total cash compensation (i.e. with the inclusion of bonuses) as well. In 2021 the Corporation had a salary rollback for part of the year for the 2021 NEOs and other officers. See “Changes in 2021” below.

Cash Compensation – Bonuses (Short-Term Incentives)

Kiwetinohk awards cash bonuses to officers based on performance of the individual and the Corporation. For 2021 performance, the NEOs for 2021 were paid an aggregate of \$1,315,000 in cash bonuses.

In determining cash bonuses for such NEOs for 2021, the Compensation Committee considered, among other things, the significant and transformative transactions completed by the Corporation in 2021 (including the Simonette Acquisition, the Business Combination and the steps taken to list the Common Shares on the TSX), the Corporation’s operational, financial and ESG performance in 2021, the Corporation’s progress on its business strategies and the performance of the individual NEO.

The Compensation Committee, together with management, is working to develop a short-term incentive scorecard for 2022 which is expected to be used as a basis for future years as well. In addition to the ongoing work to develop a more formalized short-term incentive plan, management has worked with the Compensation Committee to establish a broad set of corporate and personal objectives for 2022 which comprise a mix of quantitative and qualitative objectives, not all of which would apply to each employee (some objectives are differentiated by function and responsibility). Each objective is broken down by gold, silver and bronze thresholds. The Compensation Committee and management will regularly revisit these objectives over the course of the year, and will use the objectives as a basis for measuring performance-based compensation next spring – this will be a starting point for a more structured short-term incentive plan to be developed over the course of 2022. Such plan is expected to have qualitative and quantitative objectives tied to Kiwetinohk’s financial performance, operational performance and ESG performance as well as the successful execution of Kiwetinohk’s stated business strategies and objectives and shareholder returns. The plan will be purposefully flexible and adaptable, however, to ensure that the plan is continually incentivizing and rewarding the right behaviours and desired results for Kiwetinohk and its stakeholders in an evolving and rapidly changing energy industry.

Share-Based Compensation – Long-Term Incentives

Kiwetinohk’s current outstanding long-term incentives include a mix of stock options to purchase Common Shares (“**Options**”) and performance warrants to purchase Common Shares (“**Performance Warrants**”), both of which were designed to strengthen the alignment between compensation and the long-term interests of Shareholders; however, the Corporation ceased to issue Performance Warrants once the Common Shares became listed on the TSX and, accordingly, the Corporation’s only current long-term incentive program for NEOs is the grant of Options. Kiwetinohk has recently adopted a cash-based restricted and performance share unit plan (the “**Share Unit Plan**”) which will provide another form of long-

term incentives with which to attract and compensate employees in 2022 and beyond. In 2022 the Compensation Committee will be assessing the Corporation's long-term incentive program with the assistance of Mercer and may make changes to it.

The grant of share-based compensation is determined by the Board on the recommendation of the Compensation Committee, in accordance with the terms of the applicable incentive plan or certificate. Awards are designed to provide Shareholder aligned incentives to Kiwetinohk's directors, officers, employees and consultants who make material contributions to the successful operation of the business of Kiwetinohk, to increase their ownership interest in Kiwetinohk and to allow Kiwetinohk to attract and retain outstanding talent. The long-term incentives are administered by the Board or the Compensation Committee, which, from time to time, recommends to the Board, grants to eligible persons after considering their present and potential contributions and other relevant factors.

Options are exercisable (unless otherwise determined by the Board) for Common Shares, and vest 1/3 per year on each of the first three anniversaries of the date of grant. Options have a term of seven years.

Grants of long-term incentive awards of Options and/or Performance Warrants to NEOs and other management have varied based on corporate and individual performance, market conditions, other compensation paid to the NEO and availability of awards for grant.

Options have no value unless the trading price of the Common Shares increases above the exercise price of the Option. This links a portion of executive compensation directly to Shareholders' interests by providing an incentive to increase the trading price of the Common Shares. Performance Warrants have an escalating exercise price, further aligning the interests of executive officers with the interests of Shareholders.

Pension, Benefits and Perquisites

Kiwetinohk does not currently have a pension plan or post-employment compensation and benefits in place for any of its employees.

The Compensation Committee annually reviews the benefits provided to executive officers, which are generally the same as those provided to other employees of Kiwetinohk, to determine if adjustments are appropriate. The executive officers receive minimal perquisites in each case with an aggregate value of less than \$10,000 per executive officer per year and which includes paid parking.

Compensation Mix

In determining compensation for the NEOs, consideration is given to all forms of compensation paid or payable so that an appropriate mix is attained between fixed compensation (consisting primarily of base salary) versus variable or at-risk pay (currently consisting of cash bonuses and Options). The majority of such compensation is intended to be variable or at-risk and all long-term incentives are variable. NEOs have been granted Options and Performance Warrants, the value of which depends on the trading price of the Common Shares, thereby aligning NEO interests with Shareholder interests.

Equity Compensation Plan Information

Option Plan

The purposes of the stock option plan (the "**Option Plan**") are: (a) to provide an incentive to the directors, officers, employees, consultants and other personnel of Kiwetinohk or any of its subsidiaries to achieve the longer-term objectives of Kiwetinohk; (b) to give suitable recognition to the ability and industry of such persons who contribute materially to the success of Kiwetinohk; and (c) to attract and retain in the employ of Kiwetinohk or any of its subsidiaries, persons of experience and ability, by providing them with the opportunity to acquire an increased proprietary interest in Kiwetinohk.

Pursuant to the Option Plan, Kiwetinohk may grant Options to directors, officers, employees and service providers of Kiwetinohk, which are exercisable for one Common Share per Option. The maximum number of Common Shares issuable under the Option Plan and all other security-based compensation arrangements of the Corporation (excluding the Performance Warrants) must not exceed 10% of the aggregate number of issued and outstanding Common Shares from time to time (calculated on an undiluted basis).

The grant of Options under the Option Plan, together with Common Shares that may be issuable pursuant to all other security-based compensation arrangements of Kiwetinohk (excluding the Performance Warrants), will also not result at any time in: (a) the number of Common Shares issuable to insiders of Kiwetinohk exceeding 10% of the aggregate number of issued and outstanding Common Shares from time to time (calculated on an undiluted basis); (b) the issuance to insiders of the Corporation within a one year period, of a number of Common Shares exceeding 10% of the aggregate number of issued and outstanding Common Shares from time to time (calculated on an undiluted basis); or (c) the issuance to any individual insider of the Corporation and such insider's associates, within a one year period, of a number of Common Shares exceeding 5% of the aggregate number of issued and outstanding Common Shares from time to time (calculated on an undiluted basis). In addition to the foregoing restrictions: (a) no Options may be granted to non-employee directors of Kiwetinohk if the granting of such Options would result in the issuance to such individuals (as a group) of a number of Common Shares exceeding 1% of the of the aggregate number of issued and outstanding Common Shares from time to time (calculated on an undiluted basis); and (b) within any one fiscal year, the total value of Options under the Option Plan, together with grants pursuant to the other security-based compensation arrangements of Kiwetinohk (excluding the Performance Warrants), to a non-employee director, as determined by the Board (or the Compensation Committee), will not exceed a grant value of \$100,000 of Options and \$150,000 in total equity on the date of such grant.

The percentage maximums described above are "evergreen" provisions such that if any Options granted under the Option Plan are terminated or cancelled for any reason without the Common Shares issuable thereunder having been issued in full or if any Common Shares are issued pursuant to any Option under the Option Plan, any such Common Shares shall be available for the purposes of further Option grants under the Option Plan.

The Option Plan is administered by the Board (or the Compensation Committee). Under the Option Plan, the Board has the authority to determine the terms, limitations, restrictions and conditions, if any, applicable to an Option, provided that:

- (a) the exercise price per Common Share of each Option shall be an amount at least equal to the Market Price at the time of grant of such Option;
- (b) vested Options held by a holder who ceases to be an eligible participant under the Option Plan for any reason other than death or disability or termination for cause terminate upon the earlier of the expiry date of such Options and 90 days after the holder ceases to be a director, officer, employee or service provider of Kiwetinohk or its subsidiaries, and the holder does not continue in at least one of such capacities;
- (c) vested Options held by a holder who ceases to be an eligible participant under the Option Plan for reason of death or disability terminate upon the earlier of the expiry date of such Options and 365 days after the holder ceases to be a director, officer, employee or service provider of Kiwetinohk or its subsidiaries;
- (d) the Options of a holder who is terminated for cause terminate immediately; and
- (e) the Options vest as to 1/3 of the total grant on each of the first three anniversaries of the grant date, or as otherwise determined by the Board.

The Option Plan also contains provisions which allow the Board, acting reasonably, to make such adjustments as it deems appropriate to the number of Common Shares authorized by the Option Plan and the number of Common Shares covered by grants made under the Option Plan in the event of a subdivision, redivision, consolidation, reclassification, amalgamation, merger or any other change in the corporate structure of shares of Kiwetinohk.

In the event of a change of control (as defined in the Option Plan), such as the sale or assets of Kiwetinohk and/or its subsidiaries having a fair market value greater than 50% of the fair market value of the assets of Kiwetinohk and its subsidiaries, any person acquiring more than 50% or more of the voting securities of Kiwetinohk (subject to certain exceptions) or any transaction or series of transactions where holders of the voting securities of Kiwetinohk immediately prior to such transaction(s) hold less than 50% of the voting securities of Kiwetinohk or of the continuing entity following such transaction(s), the Board may, in its sole and absolute discretion and without the need for the consent of any Option holder, take one or more of the following actions contingent upon the occurrence of that change of control: (a) cause any or all outstanding Options to become vested and immediately exercisable, in whole or in part; (b) cause any outstanding Option to become fully vested and immediately exercisable for a reasonable period in advance of the change of control and, to the extent not exercised prior to that change of control, cancel that Option upon closing of the change of control; (c) cancel any Option in exchange for a substitute award, or (d) with respect to any Option held by an Option holder, cancel that Option in exchange for cash and/or other substitute consideration with a value equal to: (i) the number of Common Shares subject to that Option, multiplied by (ii) the difference, if any, between the Market Price on the date of the change of control and the exercise price of that Option; provided, that if the Market Price on the date of the change of control does not exceed the exercise price of any such Option, the Board may cancel that Option without any payment of consideration therefor.

Subject to the provisions described in the following sentence, the Board may amend, suspend or terminate the Option Plan, or any portion thereof, or any Option, at any time, and may do so without Shareholder approval. Subject to the exceptions that follow and subject to those provisions of applicable law, if any, that require the approval of Shareholders or any governmental or regulatory body (including, without limitation, the TSX), the permitted amendments include the following:

- (a) amendments of a “housekeeping” or ministerial nature including, without limiting the generality of the foregoing, any amendment for the purpose of curing any ambiguity, error or omission in the Option Plan or to correct or supplement any provision of the Option Plan that is inconsistent with any other provision of the Option Plan;
- (b) amendments necessary to comply with the provisions of applicable law (including, without limitation, rules, regulations and policies of the TSX and the provisions of any applicable tax law);
- (c) amendments respecting the administration of the Option Plan;
- (d) any amendment to the early termination provisions of the Option Plan or any grant, provided such amendment does not entail extension beyond the original Option period;
- (e) amendments to the definition of security-based compensation arrangements to remove the exclusion of the Performance Warrants granted prior to the amended and restated date of the Option Plan; and
- (f) amendments necessary to suspend or terminate the Option Plan.

Shareholder approval will be required for the following types of amendments:

- (a) any increase in: (i) the number of Common Shares that may be issued on the exercise of Options granted pursuant to the Option Plan, if the Option Plan provides for a fixed number

of Options reserved for issuance, and (ii) the percentage amount of Common Shares that may be issued on the exercise of Options granted pursuant to the Option Plan, if the Option Plan provides for a percentage amount of Common Shares reserved for issuance;

- (b) any amendment which reduces the exercise price of an Option;
- (c) any cancellation and reissuance of an Option;
- (d) any amendment extending the term of an Option beyond its original expiry date;
- (e) any amendment that increases limits imposed on non-employee director participation in the Option Plan;
- (f) any amendment to remove or exceed the insider participation limits in the Option Plan;
- (g) any amendment which would permit Options to be transferable or assignable, other than for normal estate settlement purposes; and
- (h) amendments to the amendment and termination provisions of the Option Plan.

As at December 31, 2021, an aggregate of 3,227,691 Common Shares, representing approximately 7.4% of the outstanding Common Shares, were issuable pursuant to the exercise of Options issued pursuant to the Option Plan. Since December 31, 2021, an additional 88,750 Options have been issued.

Burn Rate

Pursuant to TSX rules, Kiwetinohk is required to calculate and disclose the annual “burn rate” of its applicable plans for the three most recently completed financial years. The annual burn rate is equal to the number of securities granted under the compensation plan in the applicable year, divided by the weighted average number of securities outstanding in that year, expressed as a percentage.

Financial Year Ending December 31	Burn Rate (%) ⁽¹⁾
2021	22%
2020	2%
2019	17%

Note:

- (1) A large number of the securities granted under Kiwetinohk's arrangements, and hence the large burn rate, were attributable to Performance Warrants. Performance Warrants were granted to officers and directors of Kiwetinohk while Kiwetinohk was a private company. Kiwetinohk has not issued any Performance Warrants since its Common Shares were listed on January 14, 2022 and will not issue any going forward.

Restricted and Performance Share Unit Plan

Kiwetinohk has recently adopted the Share Unit Plan which will provide another form of long-term incentives with which to attract, retain, incentivize and compensate employees. Specifically, the purposes of the Share Unit Plan are: (a) to provide an incentive to the officers, employees, consultants and other service providers of Kiwetinohk to achieve the longer-term objectives of Kiwetinohk; (b) to give suitable recognition to the ability and industry of such persons who contribute materially to the success of Kiwetinohk; and (c) to attract and retain in the employ of Kiwetinohk persons of experience and ability by providing them with share units, which vest over time and/or upon the satisfaction of certain performance criteria, that mirror the value of the Common Shares.

Pursuant to the Share Unit Plan, upon recommendation of the Compensation Committee, the Board may grant restricted share units ("**RSUs**") and/or performance share units ("**PSUs**", and together with the RSUs, "**Share Units**") to the CEO and other senior officers of Kiwetinohk, and the Compensation Committee and/or CEO may grant Share Units to other officers, employees and service providers of Kiwetinohk. In determining such grants, the Compensation Committee, Board and/or CEO may consider the following:

- (a) the individual's title/level, job family, position, duties, seniority, annual salary and other incentive compensation;
- (b) whether Kiwetinohk, the applicable department and/or individual attained its performance targets or goals for the most recently completed fiscal year (or other applicable period);
- (c) individual and/or departmental contributions to the success of Kiwetinohk absolutely and/or as compared to others;
- (d) compensation and performance data in respect of Kiwetinohk's peers and competitors; and/or
- (e) such other factors as the Board, Compensation Committee and/or CEO deems relevant in furthering and accomplishing the purposes of the Share Unit Plan.

Under the Share Unit Plan, the Board, Compensation Committee or CEO, as applicable, shall determine:

- (a) the number and type of Share Units to be granted;
- (b) the time and/or performance vesting terms and the percentage or number of RSUs and/or PSUs to be vested as well as the applicable performance period and payout multiplier range for the PSUs (which shall be between 0% and 200%), provided that all Share Units shall vest no later than December 1 of the third year following the date of their grant; and
- (c) any adjustments to be made to the Share Units pursuant to the Share Unit Plan.

Unless otherwise determined at the time of grant, the Share Units will become vested as to one-third of the Share Units on each of the first, second and third anniversaries of the date of grant of the Share Units.

All vested Share Units shall be 100% cash-settled. Kiwetinohk shall pay a lump sum cash payment equal to the number of vested RSUs credited to the participant's notional account as of the vesting date multiplied by the fair market value of a Common Share on such date. Kiwetinohk shall pay a lump sum cash payment

equal to the sum of the number of vested PSUs credited to the participant's notional account as of such vesting date multiplied by the fair market value of a Common Share on such date multiplied by the determined payout multiplier for such PSUs.

If a participant ceases to be an officer, employee or service provider due to:

- (a) termination for cause, then no further Share Units shall vest and any Share Units held by such participant shall automatically terminate and be cancelled immediately for no consideration; or
- (b) any reason (including death or disability) other than termination for cause, then no further Share Units shall vest, any Share Units held by such participant that have not vested shall automatically terminate and be cancelled for no consideration, and Share Units that have vested and have not already been settled will be settled in accordance with the terms of the Share Unit Plan.

The Share Unit Plan also contains provisions which allow the Board, acting reasonably, to make such adjustments as it deems appropriate to the Share Units outstanding under the Share Unit Plan, or the underlying notional Common Shares and/or cash payable upon settlement thereof in the event of a subdivision, redivision, consolidation, reclassification, amalgamation, merger or any other material change in the corporate structure or Common Shares of Kiwetinohk.

In the event of a change of control (as defined in the Share Unit Plan), such as a merger or amalgamation of Kiwetinohk with one or more other corporations, an offer by any person to purchase all of the outstanding Common Shares, a sale or distribution of all or substantially all of Kiwetinohk's assets to any other person or any arrangement or corporate reorganization, the Board may, in its sole and absolute discretion and without the need for the consent of any participant, take one or more of the following actions contingent upon the occurrence of that change of control: (a) cause any or all outstanding Share Units to become vested and settled with the Board determining, in its sole and absolute discretion, the applicable payout multiplier(s) for such PSUs and the timing of settlement; (b) cancel any Share Unit in exchange for a substitute award; or (c) with respect to any Share Unit held by a participant, cancel that Share Unit in exchange for cash and/or substitute consideration with a value equal to the settlement value, determined in accordance with the Share Unit Plan, on the date of the change of control. At the discretion of the Board, any cash or substitute consideration payable upon cancellation of a Share Unit may be subjected to (a) vesting terms substantially identical to those that applied to the cancelled Share Unit immediately prior to the change of control; or (b) earn-out, escrow, holdback or similar arrangements, to the extent such arrangements are applicable to any consideration paid to Shareholders in connection with the change of control.

The Board may amend, suspend or terminate the Share Unit Plan or any portion thereof, or amend any Share Unit, at any time, and may do so without participant approval. Any amendment shall not negatively alter the terms or conditions of any Share Unit or impair any right of any participant pursuant to any Share Unit granted prior to such amendment unless the written consent of such participant to such amendment is obtained, unless such amendment is necessary to comply with applicable law. The Board may decide to discontinue granting RSUs and/or PSUs under the Share Unit Plan at any time in which case no further RSUs and/or PSUs shall be awarded under the Share Unit Plan. Any Share Units which remain outstanding at that time shall continue to be dealt with according to the terms of the Share Unit Plan and the Share Unit Plan shall terminate when all Share Units have been settled or terminated pursuant to the Share Unit Plan and all Share Units have been cancelled.

Performance Warrants

ARC and management agreed at the inception of Kiwetinohk and prior to it becoming a public company listed on the TSX, to allocate a pool of Performance Warrants as a gain-sharing arrangement that is commonly used in private companies financed by private equity funds. Performance Warrants are similar in structure to Options, but have escalating strike prices that ensure the employees only begin to share in

the appreciation in the Common Share price at substantially higher share prices than that which prevailed at the time of grant. Like Options, Performance Warrants generally vest 1/3 per year over three years. Performance Warrants have terms of five to seven years and may be exercised at or before the expiry of their term, a “liquidity event” (as defined in the applicable Performance Warrant certificate) or upon the completion of a “change of control” (as defined in the applicable Performance Warrant certificate). The termination of Performance Warrants as a result of a liquidity event or a change of control would require an affirmative vote of the Board, as well as a period of time within which the holders of Performance Warrants would have the opportunity to exercise those instruments.

The Performance Warrant arrangement is not a “security-based compensation arrangement” subject to Shareholder approval and the Common Shares issuable under the Performance Warrants are not included in the 10% maximum of Common Shares issuable under the Corporation’s security-based compensation arrangements. Performance Warrants were granted to officers and directors of Kiwetinohk while Kiwetinohk was a private company. Kiwetinohk has not issued any Performance Warrants since going public and will not issue any going forward.

Each Performance Warrant evidences a right of the holder to subscribe for and purchase one fully-paid and non-assessable Common Share, with the following terms and conditions:

- (a) the Performance Warrants are issuable in series, with an exercise price of \$15.00 for Series 1; \$17.50 for Series 2; \$20.00 for Series 3; \$22.50 for Series 4; and \$25.00 for Series 5 (the foregoing reflects the exercise price per Common Share);
- (b) all unvested Performance Warrants shall immediately vest upon the occurrence of a liquidity event or upon the completion of a change of control;
- (c) all vested Performance Warrants held by a holder who ceases to be an eligible participant under the Performance Warrant certificate for any reason other than death or disability or termination for cause terminate 90 days after the holder ceases to be a director, officer, employee or consultant of Kiwetinohk or its subsidiaries, and the holder does not continue in at least one of such capacities;
- (d) Performance Warrants generally vest as to 1/3 of each series, on each of the first three anniversaries of the grant date, although in some cases the Board has recognized historical service by granting Performance Warrants that vest as 1/4 of each series, with the first 1/4 vested at grant and the remainder to vest in rateably on each of the first three anniversaries of the grant date;
- (e) unless otherwise determined by the Board, in respect of Performance Warrants held by a holder who dies or becomes disabled, the Board will have discretion to: (i) leave all vested Performance Warrants in place under their existing terms; or (ii) cause Kiwetinohk to repurchase such holder’s vested Performance Warrants for the “market price” (as defined in the applicable Performance Warrant certificate) of the Common Shares issuable upon the exercise of such Performance Warrants, either in cash or Common Shares; and
- (f) unless otherwise determined by the Board, the Performance Warrants of a holder who is terminated for cause terminate immediately.

The form of Performance Warrant certificate also contains provisions which allow the Board, acting reasonably, to make such adjustments as it deems appropriate to the number of Common Shares covered by the Performance Warrants granted under a certificate in the event of a subdivision, redivision, consolidation, reclassification, amalgamation, merger or any other change in the corporate structure of shares of Kiwetinohk.

At the discretion of the Board, upon the occurrence of a liquidity event, the holder of a Performance Warrant may elect to surrender the Performance Warrant in exchange for the issuance of Common Shares with a value (determined using market price) equal to the number obtained by multiplying the number of Performance Warrants surrendered by the market price (on the date of surrender) divided by the market price (on the date of surrender). Performance Warrants may not be transferred without the express approval of the Board, except by will or the laws of descent and distribution. Kiwetinohk may not provide financial assistance to the holder of a Performance Warrant in connection with the exercise of Performance Warrants.

The Board may, at any time and from time to time, without the approval of the Shareholders, amend the terms and conditions of the Performance Warrants to conform the Performance Warrants to applicable law or regulation or the requirements of the TSX or any relevant regulatory authority; provided that unless grantees holding at least 66⅔% of the Performance Warrants otherwise consent, the Board may not alter, amend or revise the terms and conditions of the Performance Warrants in a manner that may be considered to be adverse to the holders of Performance Warrants; and provided that any amendment or revision that may be considered to be adverse to the holders of Performance Warrants may only be made with the consent of the Performance Warrant holders holding at least 66⅔% of the Performance Warrants that are so disproportionately and adversely affected.

As at December 31, 2021, an aggregate of 7,922,336 Common Shares, representing 18.1% of the outstanding Common Shares, were issuable pursuant to the exercise of Performance Warrants. No additional Performance Warrants have been issued since December 31, 2021, and the Board will not issue Performance Warrants going forward.

Compensation Governance

Compensation Related Risk Management

Kiwetinohk's compensation program is designed to provide officers incentives for the achievement of near-term and long-term objectives, without motivating them to take unnecessary risk.

The Board provides regular oversight of Kiwetinohk's risk management practices, and delegates to the Compensation Committee the responsibility to provide risk oversight of Kiwetinohk's compensation policies and practices, and to identify and mitigate compensation policies and practices that could encourage inappropriate or excessive risk taking by members of senior management.

The Compensation Committee and the Board considered the implications of the risks associated with Kiwetinohk's compensation practices and did not identify any risks from Kiwetinohk's compensation policies or practices that are likely to have a material adverse effect on Kiwetinohk.

The Compensation Committee and the Board have concluded that Kiwetinohk has effective policies and practices to ensure that employees do not have incentives to take inappropriate or excessive risks.

Independent Advice

Based on information which is publicly available, the Compensation Committee exercises its business judgment in overseeing the setting of base salaries and incentive compensation levels for executive officers. This includes an evaluation of each executive officer's qualifications and performance as well as company-wide performance. An executive officer's success in achieving business results and demonstrating leadership are also taken into account when reviewing compensation levels.

Until recently, Kiwetinohk was a closely held private company. On December 15, 2021, Kiwetinohk engaged Mercer to advise the Compensation Committee and the Board with respect to competitive compensation strategies for Kiwetinohk's directors and executives, and to establish compensation practices aligned with public company best practices. No other services have been provided by Mercer and the Board or

Compensation Committee must pre-approve any additional services to be provided by Mercer. No fees were paid to Mercer in the year ended December 31, 2021.

Share Ownership Requirements

Executive Officers and Other Employees

Kiwetinohk has adopted the following share ownership guidelines, pursuant to which the executive officers and any other employee specified by the Board are required to hold, directly or indirectly, Eligible Securities (as defined below) with an aggregate value as follows:

Participant	Share Ownership Guideline
CEO	3x base salary
CFO	1.5x base salary
Other Officers and Participants	1.5x base salary

Eligible Securities includes Common Shares, performance units, restricted units, DSUs, notional shares or notional options, and all other share grants or units with the same economic interest as Common Shares.

Eligible Securities are valued at the greater of: (a) the purchase price or deemed issue price, as applicable, of the Eligible Security as determined at the time of purchase or issuance, as applicable, of such Eligible Security; and (b) the closing trading price of the Common Shares on the TSX on the last trading day of Kiwetinohk's financial year. Each officer will have five years from the introduction of the executive share ownership guidelines or the date of their election or appointment as an officer to achieve this minimum share ownership requirement.

Each of the CEO and CFO has achieved the minimum share ownership requirement.

Non-Executive Directors

In recognition of the importance of ensuring an alignment of financial interests of non-executive directors with those of Shareholders, Kiwetinohk has adopted an equity ownership requirement for its non-executive directors. Each non-executive director is required to hold, directly or indirectly, Eligible Securities with an aggregate value equal to or greater than three times the non-executive director's previous year's cash retainer fee. Eligible Securities are valued at the greater of: (a) the purchase price or deemed issue price, as applicable, of the Eligible Security as determined at the time of purchase or issuance, as applicable, of such Eligible Security; and (b) the closing trading price of the Common Shares on the TSX on the last trading day of Kiwetinohk's financial year. Each non-executive director will have five years from the introduction of the non-executive director share ownership guidelines or the date of their election as a director to achieve this minimum share ownership requirement.

See "Nominees for Election to the Board of Directors" for the Common Shares held by each nominee director and whether he or she has achieved the minimum share ownership requirement.

Hedging Prohibition

Kiwetinohk's securities trading and reporting policy provides that no director, officer or employee may, at any time, purchase financial instruments, including prepaid variable forward contracts, instruments for the short sale or purchase or sale of call or put options, equity swaps, collars, spread bets, contracts for difference or units of exchangeable funds, that are designed to hedge or offset, or that may reasonably be expected to have the effect of hedging or offsetting, a decrease in the market value of any of the Corporation's securities or may otherwise take any speculative or derivative positions of any kind which would have or that may reasonably be expected to have such effect. To the Corporation's knowledge, none of the directors or NEOs have purchased any such financial instruments.

Clawback Policy

Kiwetinohk believes that an important part of managing compensation risk and promoting ethical conduct is setting the appropriate tone at the executive level, and Kiwetinohk believes that having an appropriate clawback policy is an important part of setting that tone. The Corporation has adopted a policy whereby, in the event of fraud or wilful misconduct by an executive officer resulting in inaccurate financial results being reported or negligent conduct resulting in the restatement of all or any part of Kiwetinohk's financial statements: (a) such executive officer is required to reimburse the Corporation for an amount equal to the difference between any incentive compensation he or she received or became entitled to in respect of the year in which the misconduct occurred and the amount of such incentive compensation the executive officer should have properly received using corrected financial results; and (b) the Board has the discretion to cancel, withhold or otherwise take appropriate action to recoup that executive officer's incentive compensation paid during the 12-month period following the first public issuance or filing with securities regulatory authorities, whichever first occurs, of the financial document embodying the erroneous financial reporting results.

EXECUTIVE COMPENSATION

Summary Compensation Table

The following table provides a summary of compensation earned by Kiwetinohk's NEOs in the three most recently completed financial years. Mr. Backus, Mr. Maniawski and Ms. Annesley were not NEOs for 2021 since they were appointed late in 2021; however, they are included in the tables below to provide supplemental information. Annual incentives have historically been considered from time to time. This compensation period has aligned with Kiwetinohk's historical reserve reporting period and allowed compensation decisions to benefit from the completion of the busy winter drilling season. The annual incentives reported below have been included in the summary compensation table for the year in which they were paid. It should be noted that the value of the Option/Warrant-Based Awards is their Black-Scholes value only and the ultimate value received for such awards, if any, will be tied to the trading price of the Common Shares if and when such awards are exercised.

Notes:

- (1) The CEO did not receive compensation in his capacity as a director of Kiwetinohk.
- (2) Mr. Backus, Mr. Maniawski and Ms. Annesley were not employed by Kiwetinohk in 2020 or 2019. Their annual salaries (being \$300,000, \$325,000 and \$290,000, respectively) make them the three highest paid executive officers after the CEO and CFO currently, and they are expected to be NEOs for the 2022 year end but that could change. They were not NEOs for 2021 since they were appointed late in 2021. Accordingly, Ms. Kuethe, Mr. Molnar and Mr. Hantzsch were the three NEOs in addition to the CEO and CFO in 2021 and disclosure of their compensation has been provided as well. See above and note 3.
- (3) Ms. Kuethe, Mr. Molnar and Mr. Hantzsch were NEOs of Kiwetinohk prior to the appointments of Mr. Backus and Mr. Maniawski in November 2021 and of Ms. Annesley in September 2021.
- (4) The grant date fair value of the Option/Warrant-based awards are calculated using the Black-Scholes option pricing model on the date of grants which is consistent with the fair value determined in accordance with IFRS 2 Share-based Payment. Options granted in 2021, 2020 and 2019 were valued at \$5.33, N/A and \$5.33 per Option, respectively. The Performance Warrants were valued at \$3.63, N/A and \$3.63 per Performance Warrant for grants in 2021, 2020 and 2019, respectively. The key assumptions and estimations for this model include the current market price of the Common Shares, the exercise price of the Option/Warrant, the expected Option/Warrant term, the risk-free interest rate, the expected annual dividend per Common Share, the volatility of the price of the Common Shares and the estimated hold period prior to exercise. The actual value realized pursuant to such Option/Warrant-based awards may be greater or less than the indicated value. The assumptions used to calculate the fair value of the Options/Warrants using the Black-Scholes model for 2021, 2020 and 2019 Option and Performance Warrant grants are as follows:

Assumptions	Options			Performance Warrants		
	2021	2020	2019	2021	2020	2019
Exercise price (weighted average \$ per Option/Performance Warrant)	\$10.00	N/A	\$10.00	\$20.00	N/A	\$20.00

Expected annual dividend per Common Share (%)	-	N/A	-	-	N/A	-
Volatility of the Common Shares (%)	50	N/A	50	50	N/A	50

Termination and Change of Control Benefits

Kiwetinohk has employment agreements with each of its NEOs.

The employment agreement with each NEO of the Corporation other than Patrick Carlson provides that, in the event the Corporation terminates such NEO's employment without cause, Kiwetinohk must provide the terminated NEO with payment in lieu of notice in an amount equivalent to: (i) six months' of such NEO's annual base salary; plus (ii) two months' of such NEO's annual base salary for each completed year of service with the Corporation, up to a maximum of twelve months' of their annual base salary. For the purposes of the foregoing, "cause" is defined to include a material breach of the NEO's employment agreement, failure to perform their duties or to comply with Kiwetinohk policy, or any dishonest act, breach of fiduciary duties owed to the Corporation, or anything else that could constitute just cause at common law.

Kiwetinohk's employment agreement with Mr. Carlson provides that, in the event the Corporation terminates Mr. Carlson's employment for any reason other than just cause, death or disability, as further described in the relevant employment agreement, Kiwetinohk must pay an amount equal to the following amounts, less applicable deductions and withholdings required by law: (i) all accrued but unpaid salary for services rendered up to the termination date; (ii) the pro-rated value of any accrued but unused vacation entitlements; (iii) any accrued but unpaid expenses required to be reimbursed at the termination date; (iv) payment in lieu of termination notice as required by the *Employment Standards Code* (Alberta); (v) any declared but unpaid bonus as at the termination date; (vi) a severance amount equal to the monthly salary as at the termination date times a factor equal to the sum of 15 plus an additional three for each completed year of service under such employment agreement (provided that the factor shall not in any event exceed 24 and provided further that "salary" for the purposes of determining such payment shall be the greater of Mr. Carlson's actual salary at that time and \$250,000); and (vii) an amount equal to 7.5% of the amount paid under subsections (iv) and (vi) as compensation for the loss of employment benefits, which shall cease on the termination date (collectively, the "**Termination Benefits**").

For the purposes of the foregoing, "just cause" means any reason which would entitle Kiwetinohk to terminate Mr. Carlson's employment without notice or payment in lieu of notice at common law and includes but is not limited to: (i) fraud, misappropriation of company property, assets or funds, embezzlement,

malfeasance, misfeasance or nonfeasance in office which is willfully or grossly negligent on the part of the executive; (ii) conviction of, or plea (other than not guilty) by the executive to a criminal offence involving dishonesty or fraud, or which is likely to injure the Corporation's business or reputation; (iii) the willful allowance by the executive of his duty to the Corporation and the executive's personal interests to come into conflict in a material way in relation to any transaction or matter that is of a substantial nature; (iv) the material breach by the executive of any covenants or obligations under the employment agreement; (v) the failure by the executive to substantially perform his obligations in accordance with his employment agreement after the Corporation has given him reasonable notice of such failure and a reasonable opportunity to correct, or cause to be corrected, such failure; (vi) the intentional or negligent involvement or participation by the executive in any act which is materially injurious to the Corporation, financially or otherwise; or (vii) any information, reports, documents or certificates being furnished by the executive to the Board or any committee thereof which are intentionally false or misleading because they either include or fail to include material facts, including without limitation disclosure of conflicts of interest.

With respect to Mr. Carlson only, in the event that there is a change of control and there is no termination for just cause, the Corporation must pay Mr. Carlson an amount equal to the Termination Benefits, provided that the amount payable under subsection (vi) above be Mr. Carlson's monthly salary, being the greater of his salary at the time of the change of control and \$250,000, times a factor of 24. For the purposes of the employment agreement with Mr. Carlson, a "change of control" is defined to mean: (i) the acquisition of shares, or securities convertible into shares, of the Corporation, as a result of which the acquiring entity beneficially owns or exercises control or direction over shares which would entitle the acquiring entity to cast more than 50% of the votes attached to all shares in the capital of the Corporation which may be cast to elect directors of the Corporation; or (ii) the occurrence of: (a) an amalgamation, arrangement, merger or other consolidation of the Corporation whereby the acquiring entity beneficially owns or exercises control or direction over shares which would entitle the acquiring entity to cast more than 50% of the votes attached to all shares in the capital of the Corporation which may be cast to elect directors of the Corporation; (b) a liquidation, dissolution or winding up of the Corporation; or (c) a sale, lease or other disposition of all or substantially all of the assets of the Corporation.

Termination Payments

The following table summarizes the incremental payments that would be received by each NEO in each circumstance where the NEO ceases to be employed by Kiwetinohk. The amounts shown in the table below are calculated based on positions held at December 31, 2021. These amounts do not include Options, Performance Warrants or compensation changes subsequent to the 2021 year-end. For purposes of this table, the termination date of each NEO is assumed to be December 31, 2021. For purposes of calculating the value of the Options and Performance Warrants upon termination, the share price on December 31, 2021 of \$10.00 less the applicable exercise price was utilized.

DIRECTOR COMPENSATION

Approach to Director Compensation

Kiwetinohk pays director compensation to attract and retain directors of the quality and with the skills required to oversee Kiwetinohk's business, taking into account the complexity of Kiwetinohk's operations and business. Kiwetinohk compensates directors for their accountability and risk, responsibility and preparation, on the basis that they devote time and attention to Kiwetinohk year-round and to reflect their fiduciary oversight and effectiveness. Kiwetinohk directors oversee Kiwetinohk's business and affairs and with a view to the best interests of Kiwetinohk.

Kiwetinohk did not have any formal compensation arrangements for its directors until 2022. All compensation paid to directors to the end of 2021 was in the form of Options and Performance Warrants. As with share-based compensation awards to officers and employees, awards of Options and Performance Warrants to directors have been ad hoc in nature and tied to the achievement of broader corporate milestones.

Directors are also reimbursed for transportation and other out-of-pocket expenses reasonably incurred for attendance at Board and committee meetings and in connection with the performance of their duties as directors.

For 2022, non-employee directors' fees are as follows:

Position	Annual Retainer ⁽¹⁾
Director (including Board Chair, Lead Director and Committee Chair)	\$110,000
Board Chair / Lead Director	\$40,000 (additional)
Committee Chair	\$7,500 (additional)

Note:

(1) Each director will receive at least 65% of their annual retainer in DSUs with the Board Chair and Lead Director also receiving \$20,000 of their additional fees in DSUs. Any director may elect to receive up to 100% of their annual retainer in DSUs.

In March 2022 the Board adopted a cash-based deferred share unit (**DSU**) plan. DSUs are used to satisfy the equity retainer. The number of DSUs granted is determined based on the five day VWAP for the Common Shares at the time of grant and the DSUs are settled in cash based on the trading price of the Common Shares when the director ceases to be a director of Kiwetinohk for any reason. This type of director compensation creates direct alignment with Shareholders – being tied exclusively to the trading price of the Common Shares.

Director Compensation Table

The following table provides a summary of compensation earned by the non-employee directors of Kiwetinohk in the financial year ended December 31, 2021. It should be noted that the value of the Option/Warrant-Based Awards is their Black-Scholes value only and the ultimate value received for such awards, if any, will be tied to the trading price of the Common Shares if and when such awards are exercised.

Notes:

(1) Mr. Slavin retired as a director on November 26, 2021.

(2) Mr. Schneider retired as a director on March 24, 2022.

(3) The grant date fair value of the Option/Warrant-based awards are calculated using the Black-Scholes option pricing model on the date of grants which is consistent with the fair value determined in accordance with IFRS 2 Share-based Payment. Options granted in 2021 were valued at \$5.33 per Option. The Performance Warrants were valued at \$3.63 per Performance Warrant in 2021. The key assumptions and estimations for this model include the current market price of the Common Shares, the exercise price of the Option/Warrant, the expected Option/Warrant term, the risk-free interest rate, the expected annual dividend per Common Share, the volatility of the price of the Common Shares and the estimated hold period prior to exercise. The actual value realized pursuant to such Option/Warrant-based awards may be greater or less than the indicated value. The assumptions used to calculate the fair value of the Options/Warrants using the Black-Scholes model for 2021 Option and Performance Warrant grants are as follows:

Assumptions	Options	Performance Warrants
	2021	2021
Exercise price (weighted average \$ per Option/ Performance Warrant/Capital Warrant)	\$10.00	\$20.00
Risk-free interest rate (%)	1.25	1.25

Volatility of the Common Shares (%)	50	50

Outstanding Share-Based Awards and Option-Based Awards – Directors

Indemnity Agreements for Directors and Officers

Kiwetinohk has entered into indemnity agreements with each of the directors and officers pursuant to which Kiwetinohk has agreed to indemnify such directors and officers from liability arising in connection with the performance of their duties. Such indemnity agreements conform to the provisions of the CBCA.

INDEBTEDNESS OF DIRECTORS AND OFFICERS

Except as described in this Information Circular, Kiwetinohk is not aware of any individuals who are either current or former executive officers, directors or employees of the Corporation, or any of its subsidiaries and who have indebtedness outstanding as of the date hereof (whether entered into in connection with the purchase of securities of the Corporation or otherwise) that is owing to: (a) the Corporation or any of its subsidiaries; or (b) another entity where such indebtedness is the subject of a guarantee, support agreement, letter of credit or other similar arrangement or understanding provided by the Corporation or any of its subsidiaries.

Upon closing of the Business Combination, certain directors and/or officers of Distinction incurred indebtedness to the Corporation for withholding tax on the surrender and exchange of their restricted share units of Distinction in an aggregate amount of approximately \$0.6 million which was repaid subsequent to December 31, 2021.

INTEREST OF INFORMED PERSONS IN MATERIAL TRANSACTIONS

Except as otherwise set out in Kiwetinohk's 2021 annual information form, available on SEDAR, there is no material interest, direct or indirect, of any: (a) director or executive officer of Kiwetinohk; (b) person or company that beneficially owns, or controls or directs, directly or indirectly, more than 10% of any class or series of Kiwetinohk's voting securities; or (c) associate or affiliate of any of the persons or companies referred to in (a) or (b) above in any transaction since the commencement of Kiwetinohk's most recently completed financial year or in any proposed transaction which has materially affected or would materially affect Kiwetinohk.

CORPORATE GOVERNANCE

The disclosure set out below includes disclosure required by National Instrument 58-101 – *Disclosure of Corporate Governance Practices* ("NI 58-101") describing the Corporation's approach to corporate governance.

Board of Directors

The Board of Directors of Kiwetinohk consists of the following individuals, more than 3/4 of which are independent:

<u>Name of Individual</u>	<u>Status on Board</u>
Kevin Brown	Director, Chair of the Board; Non-Independent
Beth Reimer-Heck	Director, Independent
Judith Athaide	Director, Independent
Patrick Carlson	Director, CEO and President; Non-Independent
Leland Corbett	Director, Independent
Nancy Lever	Director, Independent
Kaush Rakhit	Director, Independent
Steven Sinclair	Director, Independent
John Whelen	Director, Independent

Under NI 58-101, a director is considered to be independent if he or she is independent within the meaning of National Instrument 52-110 – *Audit Committees* ("NI 52-110"). Pursuant to NI 52-110, an independent director is a director who is free from any direct or indirect relationship which could, in the view of the Board, be reasonably expected to interfere with a director's independent judgment. Based on the Board's knowledge of each director's relationships with Kiwetinohk as well as information provided by each director, the Board has determined that: (i) Mr. Rakhit, Mr. Corbett, Ms. Lever, Mr. Sinclair, Ms. Reimer-Heck, Ms. Athaide and Mr. Whelen are independent within the meaning set out in NI 58-101; (ii) Mr. Carlson is not independent within the meaning set out in NI 58-101 as he is the CEO of Kiwetinohk; and (iii) Mr. Brown is not independent within the meaning set out in NI 58-101 as he is an executive officer and/or director of ARC Financial Corp. and of the general partners of the limited partnerships comprising ARC, which hold an aggregate of approximately 62% of the issued and outstanding Common Shares as of the date of this Information Circular.

With respect to Mr. Rakhit, although he is an executive officer, director and owner of a company which provides certain products and services to Kiwetinohk, the Board has determined that Mr. Rakhit is independent and capable of exercising independent judgment after considering, among other things: (i) that Mr. Rakhit's company does not provide consulting services to the Corporation in which Mr. Rakhit has an active role; (ii) that Mr. Rakhit's company provides similar services to other energy companies at similar pricing; (iii) Mr. Rakhit's Common Share ownership position in the Corporation and his personal financial circumstances; and (iv) the statutory guidance with respect to the meaning of independence.

With respect to Mr. Corbett, although the law firm of which he is a partner, Stikeman Elliott LLP, provides legal services to Kiwetinohk, the Board has determined that Mr. Corbett is independent and capable of exercising independent judgment after considering, among other things: (i) that Mr. Corbett does not provide legal services to the Corporation; (ii) that the fees charged by Stikeman Elliott LLP to the Corporation are less than 1% of Stikeman Elliott's total revenues; (iii) Mr. Corbett's equity ownership in Stikeman Elliott LLP; (iv) Mr. Corbett's Common Share ownership position in the Corporation and his personal financial circumstances; and (v) the statutory guidance with respect to the meaning of independence.

With respect to Ms. Lever, although she is an employee of ARC Financial Corp. and provides consulting services to Kiwetinohk, the Board has determined that Ms. Lever is independent and capable of exercising independent judgment after considering, among other things: (i) that Ms. Lever is not an executive officer and/or director of ARC Financial Corp. like Mr. Brown; (ii) that Ms. Lever has not been and is not an employee of the Corporation or remunerated for the provision of consulting services to the Corporation; (iii) Ms. Lever's Common Share ownership position in the Corporation and her personal financial circumstances; and (iv) the statutory guidance with respect to the meaning of independence.

The Board believes that given its size and structure, it is organized properly, functions effectively and is able to facilitate independent judgment in carrying out its responsibilities, including those set forth in the mandate of the Board. To enhance such independent judgement, while the Corporation's independent directors may not hold regularly scheduled meetings at which the non-independent directors and management are not in attendance, at the end of, or during, each Board meeting, the members of management who are present at such meeting, including the non-independent directors, will leave the meeting in order that the independent directors can discuss any necessary matters without management and any non-independent directors being present.

Kevin Brown, the Chair of the Board, is not independent. However, Beth Reimer-Heck has been appointed as the Lead Director by the Board and is responsible for ensuring that the directors who are independent have opportunities to meet without management and non-independent directors, as required. The Lead Director will be appointed and replaced from time to time by a majority of independent directors and will be an independent director. Discussions among the independent directors will be led by the Lead Director who will provide feedback subsequently to the Chair.

Kiwetinohk does not have a formal policy on board interlocks, however it does monitor the other public directorships held by its members. A board interlock occurs when two of the Corporation's directors also serve together on the board of another reporting issuer. As of the date of this Information Circular, there are no board interlocks among the Board members.

Majority Voting Policy

In accordance with the requirements of the TSX, Kiwetinohk has adopted a majority voting policy, which requires that any nominee for director who receives a greater number of votes "withheld" from his or her election than votes "for" such election shall tender his or her resignation to the Chair of the Board following the meeting of Shareholders at which the directors were elected. This policy applies only to uncontested elections, meaning elections where the number of nominees for director is equal to the number of directors being elected. This policy shall also not apply where an election involves a proxy contest, i.e., where proxy materials are circulated, a solicitation of proxies is carried out and/or public communications are disseminated in support of one or more nominees who are not part of the director nominees supported by the Board or public communications are disseminated, against one or more nominees who are supported by the Board. The Governance and Nominating Committee shall consider the resignation and recommend to the Board whether or not to accept such resignation. In doing so, the Governance and Nominating Committee may consider any stated reasons as to why Shareholders withheld votes from the election of the relevant director, the effect such resignation may have on the Corporation's ability to comply with applicable corporate or securities law requirements, applicable regulations or commercial agreements regarding the composition of the Board and any other factors that the members of the Governance and Nominating Committee consider relevant. The nominee shall not participate in any meeting of the Board or

of any committee of the Board at which his or her resignation is considered. The Board must accept the resignation, except in situations where exceptional circumstances would warrant the nominee continuing to serve on the Board. The Board must act on the Governance and Nominating Committee's recommendation within 90 days following the applicable meeting of Shareholders and announce its decision through a press release after considering the factors identified by the Governance and Nominating Committee and any factors that the members of the Board consider relevant. Subject to any applicable corporate law restrictions or requirements, and the articles and by-laws of the Corporation, if a resignation is accepted, the Board may leave the resulting vacancy unfilled until the next annual general meeting of Shareholders. Alternatively, it may fill the vacancy through the appointment of a new director whom the Board considers to merit the confidence of the Shareholders, or it may call a special meeting of Shareholders at which there will be presented a management nominee or nominees to fill the vacant position or positions. See "*Nominees for Election to the Board of Directors*" in this Information Circular.

Board Mandate

The Board, either directly or through its committees, is responsible for the supervision of management of Kiwetinohk's business and affairs with the objective of enhancing Shareholder value. A copy of the mandate of the Board is attached to this Information Circular as Schedule "A".

The Board has also established Board and committee guidelines for the operations of its Board and committee meetings in line with effective governance practices to provide clarity and direction to the Board and its committee members on operational meeting matters such as committee composition, voting, quorum, circulation of meeting materials and reporting expectations to the Board.

Kiwetinohk is committed to having and developing leaders at all levels that exemplify the Corporation's core values and principles and are able to effectively execute the Corporation's business strategies and

objectives. To ensure that Kiwetinohk has such leaders into the future, a management succession plan is currently being developed.

Orientation and Continuing Education

The Governance and Nominating Committee is responsible for the orientation and continuing education of the members of the Board. As new directors join the Board, they will be provided with, among other things, corporate policies, historical information about Kiwetinohk, information on Kiwetinohk's performance and its strategic plan and an outline of the general duties and responsibilities entailed in carrying out their duties. New directors are provided the opportunity to meet with the Chair, the Lead Director, the CEO, and other members of management to discuss the role and responsibilities of individual directors, the Board and its committees and to gain an understanding and appreciation for the Corporation's business, operations, strategic objectives and core values. The Corporation provides such other orientation and information as requested or deemed advisable.

Kiwetinohk encourages and, with the approval of the Chair, will cover expenses associated with directors attending, enrolling or participating in courses and/or seminars dealing with financial literacy, corporate governance and related matters. Each director of Kiwetinohk has the responsibility for ensuring that he or she maintains the skill and knowledge necessary to meet his or her obligations as a director.

Ethical Business Conduct

The Board encourages and promotes an overall culture of ethical business conduct by promoting compliance with applicable laws, rules and regulations, providing guidance to employees to help them recognize and deal with ethical issues, promoting a culture of open communication, honesty and accountability and ensuring awareness of disciplinary action for violations of ethical business conduct. In connection with its commitment to ensuring the ethical operation of the Corporation, the Board has adopted the Code of Conduct, a copy which is available under the Corporation's profile at www.sedar.com, and on its website at www.kiwetinohk.com. The Board looks to the CEO to advance Kiwetinohk's business in accordance with the Code of Conduct. The Code of Conduct prescribes the expectations Kiwetinohk has of those in its service with respect to communicating with and satisfying stakeholders. Each director, officer, employee, contractor, consultant, representative and agent of the Corporation must comply with the code of business ethics. Compliance with the code of business ethics is a condition of employment for each employee of the Corporation. Employees are obligated to promptly report any problems or concerns or any potential or actual violation of the Code of Conduct in accordance with the procedures established therein. The Board monitors compliance with the code of business ethics through reports of management to the Board and requires that all persons subject to the Code of Conduct provide an annual certification of compliance with the Code of Conduct.

In accordance with the CBCA, directors of the Corporation are subject to the statutory duties of care and loyalty, the latter of which requires directors to act as a fiduciary in the best interests of the Corporation while considering the interests of individual stakeholders (or classes thereof) and treating them equitably and fairly. These duties require directors to make full disclosure of and take active steps to avoid conflicts of interest and mandate that directors, both during their term and after, are precluded from making use of any corporate opportunities, which at all times remain the property of the Corporation. Kiwetinohk expects its directors to comply with these duties at all times.

The Corporation wishes to instill in its employees and contractors the duty to ask questions and vocalize concerns, to detect potential violations of questionable or inappropriate practices early, and, moreover, to earn a reputation for a workplace where questions are raised routinely without fear of any form of discrimination, retaliation or harassment. The Board has accordingly also adopted a whistleblower policy which provides directors, officers, employees, service providers, suppliers and contractors with the ability to report, on a confidential and anonymous basis, any violations within Kiwetinohk including (but not limited to) questionable business practices, inappropriate accounting treatment, inadequate internal controls, auditing matters (including misleading or excessive influence), disclosure of fraudulent or misleading financial information, fraud, misappropriation of corporate assets, any activity believed to be illegal,

unethical or dangerous to people or the bio/physical environment, breaches of the Code of Conduct, actions that have the effect of concealing any of the forgoing, or general complaint. The Board believes that providing a forum for directors, officers, employees, service providers, suppliers and contractors to raise concerns about ethical conduct and treating all complaints with the appropriate level of seriousness foster a culture of ethical conduct.

Nomination of Directors

The Board has a Governance and Nominating Committee which is responsible for recommending nominees for election to the Board. The majority of the members of the Governance and Nominating Committee are independent. The Governance and Nominating Committee is responsible for recommending suitable candidates for nomination for election or appointment as a director, and recommending the criteria governing the overall composition of the Board and governing the desirable characteristics for directors. In making such recommendations, the Governance and Nominating Committee is expected to consider: (a) the competence and skills that the Board considers to be necessary for the Board, as a whole, to possess; (b) the competence and skills of the existing members of the Board; (c) the needs of the Board and the competencies and skills each new nominee would bring to the Board; (d) any contractual arrangements of the Corporation that provide third party nomination rights; (e) whether or not each new nominee can devote sufficient time and resources to his or her duties as a member of the Board; and (f) any diversity and inclusion policies and/or goals of the Board.

The Governance and Nominating Committee will also review, on a periodic basis, the composition of the Board, and will analyze the needs of the Board and recommend nominees who meet such needs.

ARC and Luminus have, in certain circumstances, the right to nominate members to the Board under the investment rights agreement between Kiwetinohk and each of ARC and Luminus, respectively. See “*Nominees for Election to the Board of Directors*”.

Compensation

The Compensation Committee is responsible for determining compensation for the directors. The members of the Compensation Committee are independent. The Compensation Committee is responsible for determining compensation for the CEO and other officers. See “*Compensation Discussion and Analysis*” and “*Board Committees – Compensation Committee*”.

Board Assessments

The Governance and Nominating Committee is responsible for overseeing the assessment of the effectiveness of the Board, its committees, Board Chair, Lead Director and the individual directors. This is expected to be done through structured interviews and/or surveys with each Board and committee member. The results of these interviews and/or surveys for the Board and each director will be compiled, reviewed and ultimately communicated to the entire Board.

The Governance and Nominating Committee, with the participation of the Chair, may recommend changes to enhance Board performance based on these assessments as well as based on its review and assessment of the Board structure and individuals in relation to current industry and regulatory expectations.

Position Descriptions

The Board has approved written position descriptions or terms of reference for the Chair, the Lead Director and the chair of each of the Audit Committee, the Reserves Committee, the Compensation Committee, the Sustainability Committee and the Governance and Nominating Committee. The Board has also developed a written position description for the CEO.

Director Term Limits and Other Mechanisms of Board Renewal

Kiwetinohk has not implemented formal term limits for its directors. Kiwetinohk values the comprehensive knowledge of the Corporation and its operations that long-serving directors possess and the contribution that this makes to the Board as a whole. The Governance and Nominating Committee, in proposing nominees to the Board, will take into consideration whether any board renewal is necessary.

Policies Regarding the Identification and Nomination of Designated Groups on the Board

Kiwetinohk has adopted a written Diversity and Inclusion Policy outlining its diversity and inclusion goals, why it places high value on diversity and inclusion, and how it sets about making progress and continuous improvements with respect to diversity and inclusion. For the purposes of this Information Circular, and in accordance with the CBCA, “designated groups” include women, Indigenous peoples, persons with disabilities, and members of visible minorities.

While Kiwetinohk does not have a specific policy with respect to the identification and nomination of designated groups on the Board, Kiwetinohk considers diversity of race, ethnicity, gender, age, national origin, Indigenous status, disability, sexual orientation, visible minority status, cultural background, professional experience and other factors in evaluating candidates for Board membership. The Board acknowledges the importance of diversity, including gender diversity, in the review and consideration of potential director nominees. The Board evaluates potential nominees to the Board by reviewing individual qualifications of prospective members and determining if the candidates’ qualifications will meaningfully contribute to the effective functioning of the Board, taking into consideration the then current Board composition or diversity and the anticipated skills required to round out the capabilities of the Board.

Consideration of the Representation of Designated Groups in the Director Identification and Selection Process

Embracing and promoting diversity is a key value of Kiwetinohk. The Board considers the level of representation of designated groups on the Board in identifying and nominating Board members. The number of directors that are members of designated groups on the Board is a factor that the Governance and Nominating Committee will consider when recommending new nominees for the Board having regard to then current and future Board composition, and the anticipated skills required to round out the capabilities of the Board, including knowledge and diversity of membership. Selection of candidates to the Board will be, in part, dependent upon the pool of such candidates with the necessary skills, knowledge and experience. The ultimate decision will be based on merit and contribution the chosen candidate will bring to the Board.

Consideration Given to the Representation of Designated Groups in Senior Management

The Board considers the level of representation of designated groups in senior management positions when making senior management appointments. For the purposes of this Information Circular, and in accordance with the CBCA, senior management includes the Chair of the Board, Kiwetinohk’s CEO and CFO, vice-president in charge of a principal business unit, division or function, including sales, finance or production, and anyone who performs a policy-making function within the Corporation. As of December 31, 2021, there were ten members of senior management at Kiwetinohk.

Kiwetinohk is committed to the fundamental principles of equal employment opportunities with a foundation based on treating people fairly, with respect and dignity, and to offering equal employment opportunities based upon an individual’s qualifications and performance free from discrimination or harassment because of race, colour, ancestry, place of origin, religion, gender, sexual orientation, age, marital status, family status, physical or mental disability. Furthermore, Kiwetinohk’s employment procedures provide that the primary considerations for selecting candidates would include experience, skill and ability, while giving consideration to the importance of diversity, including gender diversity, when recruiting employees and

when appointing executive officers. Kiwetinohk acknowledges the importance of diversity, including gender diversity, in the workplace.

These considerations are formalized in Kiwetinohk's Diversity and Inclusion Policy, which was approved on January 4, 2022 and is available on Kiwetinohk's website at www.kiwetinohk.com.

Targets Regarding the Representation of Designated Groups on the Board and in Senior Management Positions

Kiwetinohk has not adopted a target regarding designated groups on the Board or in senior management positions. When filling any vacant or new positions, the focus is on attracting the competencies that best meet the needs of the Board or Kiwetinohk at the relevant point in time. In reviewing Board composition, the Governance and Nominating Committee will consider all aspects of diversity including, but not limited to, gender and race. While Board diversity is a key critical consideration, all Board appointments are made on merit, in the context of skills, experience, independence and knowledge which the Board as a whole requires to be effective. For senior management positions, Kiwetinohk's focus is on attracting the competencies that best meet the needs of Kiwetinohk at the relevant point in time, with the intention of having designated groups represented at all levels of the organization. Kiwetinohk takes the approach of continually striving to improve through the creation and implementation of policies and the fostering of a culture that is encouraging and accepting of diversity, rather than setting targets.

Number of Designated Groups on the Board and in Senior Management Positions

As of the date of this Information Circular, three of nine (33%) of the directors on the Board and three of eleven (27%) members of senior management are women. In 2022 and going forward, Kiwetinohk intends to provide a questionnaire to its Board and management to allow such members to self-identify as being members of a "designated group" as provided for in the CBCA (being women, persons with disabilities, Indigenous peoples and visible minorities). Such self-identification did not occur in 2021.

ENVIRONMENTAL AND SOCIAL GOVERNANCE

Kiwetinohk supports and promotes: (a) the protection of the health and safety of all persons associated with Kiwetinohk's operations, including employees, contractors and service providers; (b) the protection of the biophysical environment; and (c) the relationship of Kiwetinohk with the communities nearest to its operations through the implementation and communication of Kiwetinohk's health, safety, environmental protection and community engagement programs, policies and procedures.

Kiwetinohk has established guidelines and management systems to promote compliance with health, safety and environmental laws. Kiwetinohk endeavors to ensure that on an ongoing basis, it is in material compliance with health, safety and environmental regulations. The Sustainability Committee of the Board oversees Kiwetinohk's policies and management systems designed to cause it to comply with applicable laws and regulations, including those in regard to sustainability, health, safety and environmental matters. See "*Board Committees – Sustainability Committee*". The mandate for the Sustainability Committee is available on the Corporation's website at www.kiwetinohk.com.

In the summer of 2022, Kiwetinohk will release its inaugural ESG report, which will be available for review on the Corporation's website at www.kiwetinohk.com.
